Questions about Site
-Do we want to add a middle name or middle initial? Optional or not?
-More specific detail in product information portion? (Instead of just doing this on main page because I feel like not everyone reads that)
-Add option to subscribe to newsletter on sign up page?
-Email confirmation that the account was created? Email confirmation when payment has been received and license can now be used?
-Immediately go to the login page? Instead of clicking login.
-Email password reset?
-Can you sign in with both username and email? Or just one?
-Payment options need to be finalized before this gets set up...

What Needs to Be Saved in Database
-Username
-Password
-Email
-Phone Number
-First and Last Name(Middle Initial/Name?-is this going to be optional)
-Payment Date (Date of purchase? Or payment received)

Experience
      My experience creating this mock up wasn't too bad, it was actually easier than I thought it would be. It was nice to be able to create a quick mockup of what I wanted things to look like. Plus being able to change things without worrying about other things breaking was a big relief. I also found myself thinking of more questions that needed to be addressed to the Rural Institute on what they wanted or envisioned it looking like.

One artist that I found was Tatiana Tatarenok. She caught my eye because of her more hazy dream like works that I thought were really cool. Most that were in the collection that I was looking at were

Another artist that I found was Alex Maltsev. He had a piece with very bold and vibrant colors that incorporated more natural textures.

Both of these artists I like because they remind me of what I like to do with my art which is bold colors and scenes that deal with nature.
