**Nice to Have**

-Product Details (what colors are available, maybe make selectable,product pictures to be shown in quick view with price)

-Price change (even like sales price)

-Liked outfit pieces/clothing (make favorites page)

-Shipping Time Frame

-Search bar filter on side

-How many are left in stock (update after someone purchases)

-Cookie Consent??

-Banner across top that changes and shows where different deals can be found (i.e. Click on it when it says a certain thing and it will bring up all products that are apart of the sale)

-Quick contact button always in corner of screen (at least on homepage)

-Change between currency denominations
